Virginia Department of Education

Thanks to the event coordinators and judges
(see page 7)

Thanks to the TECA students of Old Dominion University

Technology Education

Collegiate Association

**2009-2010
TECA Eastern Regional
Conference Program**

**November 15 - 17, 2009
Virginia Beach
Resort Hotel and Conference Center**

**Proudly Hosted by
The Technology Education Program of Old Dominion University**

TECA Schedule

Conference Professionalism: A Message from the Faculty Advisors

The TECA advisors in the Eastern Regional Conference at every university have been very pleased with the performance of their students at the annual conference. The advisors can remember students from way back, and from last year, who performed well, who lost but learned, and they look forward to seeing you have fun and succeed this year. The advisors want you to build relationships. Have fun, meet new people and meet people from different backgrounds, and strengthen bonds with your current friends and colleagues. Let your positive attitude motivate you to try your best to succeed at the competitive events. Let your wisdom help you to make a loss into a positive learning experience. Participate in the job fair with a well-prepared resume. Participate fully in the social events organized by the conference. Above all, your advisors want to wish you a safe and memorable experience.

Conference Professionalism: A Message from the Host University

The Department of STEM Education and Professional Studies at Old Dominion University to this professional conference. Each participant should represent his/her home institution in a positive fashion through positive behaviors while attending this conference. It is expected that all participants will act professionally and adhere to the rules for student conduct that each university has published in their student handbooks as well as the laws of the Commonwealth of Virginia and the local communities. Swift and appropriate action will be taken in the instances where inappropriate behaviors are detected, which will also include reporting these behaviors to the home institution of the student for further action.

Sunday, November 15, 2009

4 PM — 7 PM

Conference Registration

A representative from each university (e.g., advisor or officer) must visit the registration table.
